

YOUR FLIRTING, DROOLING
AND INSISTENCE
DOESN'T SEDUCE ME.
YOU HARASS ME

Being annoying, **#ItIsSexualViolence**

FRIEND, PARTNER, STRANGER:
ARE YOU SURE SHE FANCIES YOU?
ONLY YES MEANS YES!

TELL YOU
WHAT, IF I
WANT, I WILL
PHONE YOU

I'M NOT SURE

I'VE GOT OTHER PLANS

I PREFER TO
BE ALONE

(SILENCE)

STOP!

I'M
REALLY
HIGH

If it's not clear and, despite that, you insist
#ItIsSexualViolence

Is she attracted to you? Is she enthusiastic?
Does it continue? Can you see her side? Has she
told you, verbally? Are you sure that she
wants it? Are you so high that you can't see
her side? Does she say that she doesn't agree
with certain types of sex? Has she frozen still?
Is she drunk and can't decide what she wants?

If it's not clear and, despite that, you insist

Did she ask your opinion about her body?
Can you see she takes no notice and you
carry on? She said no and you continue
just don't care? Do you get too close to
someone without their consent? Do you
keep looking at her despite her lack of
interest? Are you really annoying and
more so with alcohol?

YOU HAVE A PROBLEM

If, when you try to pick up girls,
annoying and harassing them
turns you on **#ItIsSexualViolence**

IF THEY MAKE A JOKE ABOUT VIOLENCE....
DO NOT LAUGH AT THEIR ATTEMPTS

Being an accomplice to male chauvinism
or keeping your mouth shut when you
see aggression **#ItIsSexualViolence**

Do you get more excited when she resists? Do you think that getting off with a girl starts when she says "no"? Do you say things like "I like the ones that put up more resistance" as if women were objects of conquest? Do you think you should be the one in charge when you pick up a girl? Do you think your desires are the only ones that count and you want her to submit to them?

If, when you try to pick up girls, annoying and harassing them turns you on

MATE, DRUNKENNESS DOES NOT EXCUSE YOU;
SISTER, NO BLAME ON YOU FOR BEING DRUNK

NO, YES,
IT IS NOT THE CAUSE IT IS THE CAUSE

IT'S BECAUSE IT WAS
AGGRESSION

I do believe you sister,
because doubting you

I believe you because that's enough of blaming them for the violence against them. I believe you because **#MeToo** and because we are stronger together.

When HE drinks or consumes other drugs and assaults "he didn't know what he was doing"? When SHE does it and is assaulted "she was looking for it"? Do you judge the consumption of drugs differently depending on the gender of the consumer? Nothing justifies sexual assault: neither the drinks, nor the women's clothes, nor if they are alone or accompanied.
